

OUT OF HOURS COVID CONTACT DETAILS

22nd September 2020

Dear Parent/Carer

From today, we have introduced an **out of hours contact service** for urgent COVID19 related issues.

Parents can use this service to alert us to any COVID19 situations. For example, to inform us that a child has developed symptoms or has been told to isolate.

This will allow school to act quickly and decisively, informing other parents and relevant agencies of any developments.

Text: 07593549842

Email: covidlead@middlefield.liverpool.sch.uk

This service should only be used outside of normal school hours, such as evenings and weekends, when it will be monitored regularly. It will not be monitored during the school day- so please continue to contact the school office during normal school hours.

Many thanks for your continued support and patience during these unusual and challenging times.

Yours Sincerely

Mr David Potter

Head Teacher
