Tuesday 25th May 2021

Dear Parents / carers,

Tomorrow Y5 and Y6 children will be having a talk from the police about problems and issues around online safety.

This will include cyberbullying, the dangers of social media and raising awareness on how to keep themselves safe in the digital world.

The children will also be made aware of how and when they become legally responsible for their actions and the implications this has.

They will be given advice on how to deal with difficult situations and the impact social media like Tik Tok, snap chat and WhatsApp can have.

Yours Sincerely

Ms Hunter

Safeguarding Lead/ Interim AHT
