

Closure of Nursery

Thursday 28th January 2021

Dear Parent/Carer

I am sorry to inform you that we have had to close the Nursery today. This is because a child has received a positive test. This means that anybody who has had direct or close contact with that child, now needs to self-isolate for 10 days from their last contact. This also means that Nursery will be closed until Monday 8th February.

The Nursery areas will now undergo a deep clean. There is no need for any further action for children in any other bubble.

Only members of Nursery are required to self-isolate. Siblings and the rest of the household are able to carry on with normal activities, provided that the child from Nursery does not develop symptoms. If this happens, please inform school as soon as possible.

Please let me reassure you that we are following clear **national guidelines**, and that all of our decisions are made in line with Public Health England and Liverpool City Council procedures.

Nursery will have daily activities, support and guidance from their teachers online.

If you have any questions or concerns, please do not hesitate to contact the school office or our out of hours COVID service.

Kind Regards

Mr David Potter
Head Teacher
