Please read these three important updates regarding COVID19 procedures

Dear Parent/Carer

1

We are continuing to work extremely hard to keep our whole school community safe and we would like to sincerely thank you for all of your support with this effort.

We would just like to take the opportunity to remind all parents/carers to:

- Wear a face covering on the playground, unless medically exempt
- Report symptoms or confirmed positive cases to school, so that we can take the correct actions to protect the rest of the school community

Symptoms and cases should be reported to school as soon as possible. During normal school hours, this can be done by telephoning the school office on **0151 486 4106**. You can also report any covid concerns or questions to our dedicated out of hours covid service:

WhatsApp message or text message: 07593549842 or email

It is absolutely vital that parents/carers are punctual and follow the timings provided for the start of the school day. For Reception to Year 6, children are able to arrive from any time between **8:25am and 8:55am** for the start of the school day. This allows all children to enter their classes safely and has been extremely successful. Whilst we completely understand that there are rare occasions when children may be late, we need everyone to do their best to be on time. It is simply not possible for us to escort multiple children safely to their classrooms without crossing through other year groups. That is why the school gate is closed shortly after 8:55am. Parents arriving after that time may be given a time to return later on in the morning, when their child's class is on the playground. Nursery timings remain the same and it is equally vital that Nursery parents/carers stick carefully to these. The staggered end to the school day remains the same.
